

SHIP E-LEARNING

How to identify and report on
specific agency programs

Australian Government

**Australian Institute of
Health and Welfare**

SHIP E-Learning module:

How to identify and report on specific agency programs

This module is divided into sections and we recommend that you work your way through them all.

However, once completed, you can review a topic by clicking on the tabs at right to return directly to that section.

Use arrow keys or click your mouse to navigate through this presentation.

[Adding list of Programs](#)

[Adding Programs to
client records](#)

[Recording Programs
on Notes tab](#)

[Running reports
on Programs](#)

[Exporting Program Lists](#)

[Home Page](#)

Learning objectives

After you complete this module you will know how to:

- add specific programs or client groups to your SHIP workgroup
- record specific programs for each client
- run reports on specific programs
- output lists about specific programs.

Introduction

Why did the AIHW implement this enhancement?

- The need to identify and report on particular client groups and agency programs was often raised by participants at SHIP training.
- This function was also requested by respondents to the SHIP User Satisfaction Survey.
- We noticed that agencies were using SHIP in innovative ways to identify and report on programs and we saw the need to provide more capacity to enable you to do this.

Adding list of Programs to SHIP

Australian Government

**Australian Institute of
Health and Welfare**

Adding list of Programs

Where to add new programs

- New programs are added on the **Reference Data** tab of the **Admin** page – click on **Program Options** link
- Only users with coordinator level access will be able to add programs
- Think carefully about your reporting needs before adding your programs or client groups – what do you need to collect?

Reference Sets:

Reference Set	Version	Created
Memo Type Options	UAT 4 C	04/10/2012
Program Options	99999E	01/07/2011

Adding list of Programs

Adding programs on the Admin> Data Reference tab

- Click on the + sign icon to begin adding your programs
- In this example we will add 3 types of client groups plus an option for clients who have not been allocated to a program:
 - Court support
 - Private rental brokerage
 - Counselling
 - Refuge
 - Don't know/no program – it is important to add this option

Option	Actions
--------	---------

Australian Government

Australian Institute of
Health and Welfare

Adding list of Programs

Homelessness:
clearer picture,
better future

Adding programs on the Admin> Data Reference tab

1. Enter **Grouping** (this can be optional)
2. Enter **Option** (Face to face support in this example)
3. Click on **Save**
4. Note that Option 1 now appears in blue font (this can be edited)
5. Click on + sign icon to add your next program

Note: Description, Start and End Date are optional fields.

The screenshot shows the 'Reference Data' admin interface. At the top, there are tabs for 'Reference Data' and 'About'. Below the tabs, the 'Reference Data' section is displayed. It includes a 'Reference Set' dropdown set to 'Program Options'. A table lists the current options:

Option	Actions
1 Court support	

Below the table is the 'Edit Item' form. It contains the following fields:

- Option: Court support
- (required) Grouping: Program
- (optional) Description: [empty text box]
- (required) Start Date: 01/01/2000
- (optional) End Date: [empty text box]
- Last update: 06/07/2014 13:52:53 EST

At the bottom of the form are 'Save' and 'Delete' buttons. A 'Tips' section is visible at the very bottom of the interface.

Adding list of Programs

Adding programs on the Admin > Data Reference tab

- See completed list of programs in example below
- If all clients cannot be assigned to a program, be sure to include a 'Don't know/no program' option.

Adding Programs to client records

Adding a Program to a Support Period

- Open a support period
- In this example, we have opened a support period for Amanda and her son Byron
- Go to **Admin** tab
- If programs have been added to your workgroup, then you will see a **Program** field with a list of programs to select from
- Select a **Program** from the list
- **Note:** If no programs have been set up, then only the **Program Details** free-text field will be visible.

SHS Support Period
Amanda Bickford (female 30 yrs)

Include in PU	*Relationship to head	Consent Yes No
<input checked="" type="checkbox"/>	Amanda Bickford	Self
<input checked="" type="checkbox"/>	Byron Bickford	Child

Admin | Reasons | History | Health | Week Before | Presenting | Close

Support Period Worker: Aihw Trainer

Date assistance requested: 08/07/2014

Date support period commenced: 08/07/2014

New Client? Yes No Not sure

Recording Programs on Notes tab

Homelessness:
clearer picture,
better future

Why do we record Programs on the Notes tab?

- SHIP refers to the Program selected in the **Notes** tab to output reports about Programs
- When generating reports SHIP does **NOT** generally refer to the Program that was selected on the **Admin** tab of the Support Period
- Therefore, it is important to create a **Note** and select a **Program** in order to have these details included in a SHIP report or list
- It is possible to select different Programs for different Notes if a client is involved in more than one program. Reports will then include the client in more than one program.

Recording Programs on Notes tab

Adding a Program to the PUH Notes tab

- Go to the **Notes** tab to create a note for your PUH client and record any services needed, provided and/or referred
- For the PUH record SHIP automatically populates the Program field with the Program you selected at the beginning of the support period – it also fills Program fields on associated Notes.

Referrals Plans Tasks Documents Memo

← → Edit Note Details [Save] [Help]

Program Refuge [Dropdown] ←

Notes [Text Area]

Recording Programs on Notes tab

Adding a Program to the PU member Notes tab

- If your PU member received separate services, go to their Notes tab to create a separate note (in this example, for Byron)
- For PU members, select a Program from the drop-down list
- A Program **MUST** be selected when you create a Note
- Therefore, if you have clients who are **NOT** part of a Program, then you must provide the option 'Don't know/no program' when setting up Programs on **Data>Reference** tab.

The screenshot shows a software interface with a blue header bar containing tabs: 'Status', 'Alerts', 'Referrals', 'Plans', 'Tasks', and 'Menu'. Below the header, there is a date field set to '12/08/2014'. The main content area is titled 'Notes' and contains a form with the following fields:

- * Worker/s: Aihw Trainer, UAT 2 A
- * Contact type: [dropdown]
- Program: [dropdown menu]

The 'Program' dropdown menu is open, showing a list of options: 'Program', 'Court support', 'Counselling', 'Refuge', and 'Don't know/no program'. A red arrow points to the dropdown menu. At the bottom of the interface, there are tabs for 'Housing', 'General', and 'Specialised'. Below these tabs, there are three columns: 'Needs Identified', 'Support Provided', and 'Referral Arranged'.

Australian Government

Australian Institute of
Health and Welfare

Recording Programs on Notes tab

Clients who are serviced by more than one Program

- If your client is associated with more than one Program, then create another Note for them and select the relevant Program that the services and assistance are associated with.
- This way, the client can be reported as having services provided by more than one Program.

Recording Programs on Notes tab

Program Facts

- ✓ A Program **MUST** be selected when you create a Note
- ✓ Therefore, if you have clients who are not part of a Program, then you must provide the option to select 'Don't know/no program'
- ✓ A **Note** must be completed before a client can be included in a Program report or list
- ✓ SHIP automatically populates the Program field with the Program you selected at the beginning of the support period
- ✓ If the client is associated with more than one Program, then create another Note and select the relevant Program that the services and assistance are associated with
- ✓ SHIP mostly uses the data collected in the Notes tab to output reports about Programs (not from the Admin tab of the Support Period)

Running reports on Programs

**Australian Institute of
Health and Welfare**

Running reports on Programs

Running SHIP Reports by Program

- Go to **Reports** tab on the **Reports** page
- View the list of Report types available and select the report which best meets the reporting needs of your Program
- In this example we have selected 'Demographic Report'

The screenshot shows the SHIP (Homelessness: clearer picture, better future) interface. The 'Reports' tab is active, and the 'Report type' dropdown menu is open. The 'Demographic Report' is highlighted in blue, and a red arrow points to it. The 'Workgroup' is set to 'UAT 2 A'. The 'Include in report' dropdown is set to 'Please select...'. The 'Period of Interest' dropdown is also set to 'Please select...'. The 'Report type' dropdown menu lists the following options: Demographic Report, Please select..., Demographic Report (highlighted), Profile Report, Contact Report, Family Report (using relationships), Plan Report, Accommodation Report, Contact History Report (SHS), SHS Statistical Profile Report (SHS), Status at end of Collection Period (SHS), Status at end of Support Period (SHS), and Support Period Report (SHS).

Running reports on Programs

Running SHIP Reports by Program

- Drop down list for 'Include in report'
- Select 'Persons with contact recorded against a specific program'

The screenshot shows the SHIP Reports interface. The 'Reports' menu is open, and the 'Include in report' dropdown is selected. The dropdown menu lists various report categories and options. A red arrow points to the 'Persons with contact recorded against a specific program...' option at the bottom of the dropdown.

Running reports on Programs

Running SHIP Reports by Program

- Drop down list for 'Select Program'
- Select program of interest – in this example 'Refuge'

The screenshot shows the SHIP Reports interface. On the left is a navigation menu with 'Home', 'Persons', 'Days', 'Reports', and 'Admin'. The 'Reports' section is active, showing sub-tabs for 'Reports' and 'Admin'. The main content area has a top navigation bar with 'Reports', 'Lists', 'Financial', 'SHS', 'Referrals', 'Reception', 'Custom', and 'Results'. Below this, there are several form fields: 'Workgroup' (UAT 2 A), 'Report type' (Demographic Report), and 'Include in report' (Persons with contact recorded against a specific program...). The 'Select Program' dropdown menu is open, showing options: 'Please select...', 'Please select...', 'Program', 'Court support', 'Counselling', 'Refuge', 'Don't know/no program', and 'Generate Report'. A red arrow points to the 'Refuge' option. The 'Period of Interest' field is also visible, showing a date of 14/08/2014.

Running reports on Programs

Running SHIP Reports by Program

- See example below of completed report parameters
- Select your 'Period of Interest' or enter your own dates
- Click on **Generate Report** and go to **Results** tab.

The screenshot shows a web interface for generating reports. At the top, there is a navigation bar with tabs: Reports, Lists, Financial, SHS, Referrals, Reception, Custom, and Results. Below the navigation bar, there are several form fields for configuring a report:

- Workgroup: UAT 2 A
- Report type: Demographic Report
- Include in report: Persons with contact recorded against a specific program...
- Select Program: Refuge
- Period of Interest: This Year (highlighted with a red box)
- Start date: 01/01/2014
- End date: 14/08/2014

At the bottom of the form, there is a button labeled "Generate Report" with a red arrow pointing to it from the right.

Running reports on Programs

Running SHIP Reports by Program

- Go to **Results** tab and view the report (generally at bottom of list)
- Note that reports can be exported to Excel using Excel icon

Exporting Program Lists

What is a List?

- For almost every report on the Reports tab there is a corresponding list of the individual records that were used to generate the report.
- Lists can be exported to Excel and sorted and filtered to enable further analysis of various client groups.
- Lists allow you to include client names.
- Lists contain more information than tables and also allow notes from free text fields to be included in the output.
- Demographic information about each client is generally included in lists.

Exporting Program Lists

How to run a Demographic Details List:

- Run a Demographic Details list using the parameters below
- Click on **Export List**

Exporting Program Lists

How to run a Support Period (SHS) List:

- This list contains client demographics and all of the SHS data that is entered on the Support Period form at the beginning of the support period.

This list can be run in 2 different way by selecting different parameters:

1. **Include in report** 'Persons with Support Period current in report period – useful for outputting all of the Program types at once.

Note: This list only reports the Program recorded in Admin tab of the Support Period form – if multiple different Programs are associated with the same client in Notes tab then this will not be reported in this list.

2. **Include in report** 'Persons with contact recorded against a specific program' – this operates the same as other lists and outputs lists per Program.

Exporting Program Lists

This time select a specific program. In this example we have selected 'Refuge'

Measuring Program outcomes

Status at end of Support Period (SHS)

- This example includes outcomes for both ongoing clients and those who have ended their support periods.
- Results for ongoing clients are drawn from the most recent Status Update within the reporting period selected
- Results for closed clients are drawn from the end of their support period

	A	B	C	D	E	F	G	H	I	J	K	L	M	N

12	8/07/2014	24/07/2014	8/07/2014	Aihw Trainee										

'Date Support Period Finished' is in Column B and blank cells indicate that support period is ongoing.

Another useful List

Contact History List (SHS)

- This list will output data about every time a Note was recorded for a client and which Program it was associated with.
- It is useful for analysing intensity of support and identifying multiple Programs that a particular client is associated with.

Assistance available

Where can I find more assistance?

- SHIP Support can help you to enter Programs and advise you on which reports to run
- Phone SHIP Support on 1800 627 191 Option 1
- The AIHW has several SHIP and SHOR e-Learning modules that you could find helpful on the [SHSC resources website](#)

SHIP e-Learning

- [Entering a family into SHIP using SHIP copy-over functions \(2.7MB PDF\)](#)
This module steps you through how to efficiently enter a family into SHIP making use of SHIP's copy-over functions
- [How to add extra family members to an open support period \(666KB PDF\)](#)
This module covers how to add new family members to a presenting unit after the support period has been open for some time.
- [How to fix Status Update errors \(925KB PDF\)](#)
This module outlines where to view status update errors, how to resolve errors and re-run a status update.
- [SHIP Tips for Data Entry \(736KB PDF\)](#)
This module outlines some general data entry tips that you will find useful.
- [SHIP Helpful Hints \(1.1MB PDF\)](#)
This module outlines some general hints about SHIP client management functionalities.
