

Acknowledgments

Departmental officers from the Department of Health and Ageing including Jean Douglass, Frances Byers, Judy Straton and Joy Eshpeter, along with members of the Picture of Australia's Children Advisory Committee, chaired by Professor George Patton, have made significant contributions to the AIHW's development and refinement of the key national indicators of children's health, development and wellbeing. We especially wish to acknowledge Dr Sharon Goldfeld, who generously gave her time and expert advice to the development of these indicators. Meredith Bryant and Kerry Carrington compiled this bulletin, based on the collective work of many within the Institute, spanning several years, including Indrani Pieris-Caldwell, Euan Kennedy, Cathy Hotstone, Hilary Sargeant, Fadwa Al-Yaman, Sam Bricknell, Kuldeep Bhatia, Paul Magnus, Lynelle Moon, Naila Rahman, Jacqueline Grau, Paul Meyer, Helen Moyle, Richard Madden, Ching Choi and Diane Gibson.
