

List of figures

Figure 1:	Separations per 1,000 population, public acute and private hospitals, Australia, 1996–97 to 2005–06	xiii
Figure 2:	Patient days per 1,000 population, public acute and private hospitals, Australia, 1996–97 to 2005–06	xiv
Figure 3:	Average length of stay, public acute and private hospitals, Australia, 1996–97 to 2005–06	xiv
Figure 4:	Average length of stay for overnight separations, public acute and private hospitals, Australia, 1996–97 to 2005–06.....	xv
Figure 5:	Overnight separations per 1,000 population, Australia, 2004–05 and selected OECD countries	xv
Figure 6:	Separations per 1,000 population, by age group and sex, Australia, 2005–06	xv
Figure 7:	Change in the number of separations (per cent), by age group and sex, Australia, 2001–02 to 2005–06	xvi
Figure 8:	Average length of stay, by age group and sex, Australia, 2005–06.....	xvi
Figure 9:	Separations per 1,000 population, by Indigenous status and age group, Australia, 2005–06	xvi
Figure 10:	Separations per 1,000 population, by Remoteness Area of usual residence and hospital sector, Australia, 2005–06.....	xvii
Figure 11:	Separations for medical, surgical and other AR-DRGs version 5.0, public hospitals, Australia, 2001–02 to 2005–06.....	xvii
Figure 12:	Separations for medical, surgical and other AR-DRGs version 5.0, private hospitals, Australia, 2001–02 to 2005–06.....	xviii
Figure 13:	Separations, by selected principal diagnosis, Australia, 2005–06.....	xviii
Figure 14:	Selected potentially preventable hospitalisations per 1,000 population, Australia, 2001–02 to 2005–06	xix
Figure 15:	Separations with selected procedures, Australia, 2005–06.....	xix
Figure 16:	Separations for coronary artery bypass graft and coronary angioplasty by hospital sector, Australia, 2001–02 to 2005–06	xx
Figure 17:	Public hospital median waiting time, by specialty of surgeon, Australia, 2005–06.....	xx
Figure 18:	Public hospital emergency department occasions of service seen on time (per cent), by triage category and public hospital peer group, Australia, 2005–06	xxi
Figure 19:	Emergency department occasions of service, by age group and sex, Australia, 2005–06	xxi
Figure 20:	Average annual change in the number of available beds, by type of hospital, Australia, 1996–97 to 2005–06.....	xxii
Figure 21:	Average full-time equivalent staff, public hospitals, Australia, 1996–97 to 2005–06....	xxii
Figure 22:	Recurrent expenditure, public hospitals, Australia, 2005–06.....	xxiii
Figure 23:	Cost per casemix-adjusted separation, Australia, 2001–02 to 2005–06	xxiii
Figure 5.1:	Interrelationships of an <i>Urgent</i> triage category presentation with other data elements, public hospitals, Australia, 2005–06	103

Figure 5.2:	Number of occasions of service, by hour of presentation and triage category, selected public hospitals, Australia, 2005-06	117
Figure 5.3:	Proportion of emergency department occasions of service, by hour of presentation and triage category, selected public hospitals, Australia, 2005-06	117
Figure 6.1:	Interrelationships of a specialty of surgeon (<i>Ophthalmology</i>) with other data elements, all hospitals, 2005-06.....	128
Figure 8.1:	Separations per 1,000 population, by age group, sex and reported Indigenous state, all hospitals, selected states and territories, 2005-06.....	182
Figure 9.1:	Interrelationships of a principal diagnosis (E11 <i>Type 2 diabetes mellitus</i>) with other data elements, all hospitals, Australia, 2005-06.....	194
Figure 10.1:	Interrelationships of a procedure (Block 197 <i>Lens extraction</i>) with other data elements, all hospitals, Australia, 2005-06	224
Figure 10.2:	Proportion of separations with a procedure reported, by principal diagnosis and Indigenous status, all hospitals, selected states and territories, 2005-06	245
Figure 11.1:	Interrelationships of a place of occurrence (Y92.0 <i>Home</i>) with other data elements, all hospitals, Australia, 2005-06	250
Figure 12.1:	Interrelationships of an AR-DRG (C16B <i>Lens procedure, sameday</i>) with other data elements, all hospitals, Australia, 2005-06.....	267
Figure A1.1:	Cost per casemix-adjusted separation including capital, public hospitals, 2004-05.....	298
