Suggested citation

Cripps RA 2005. Spinal cord injury, Australia, 2003–04. Injury Research and Statistics Series Number 25. Adelaide: AIHW (AIHW cat no. INJCAT 77).

Correction: The following error in the printed report has been corrected in this version (17 January 2006)

- Section 4.1.4 the first sentence of the second paragraph of the printed report included an error which has been corrected in this revision: 'Fifty per cent (n=12)...' should read 'Ninety six per cent (n=23)'.

Acknowledgments

The assistance of the Directors and staff of the spinal units and the patients, for agreeing to be included in the Australian Spinal Cord Injury Register (ASCIR) is gratefully acknowledged.

The administrative support of Jill Carlson is also greatly appreciated and has contributed much to the successful operation of the ASCIR.
