

# Appendix 1: List of tables

## Chapter 2: Overview of Australian hospitals

Table 2.1:	Summary of hospitals, Australia, 1999-00 to 2003-04 .....	14
Table 2.2:	Number of hospitals and available or licensed beds, by hospital sector and type, states and territories, 2003-04 .....	15
Table 2.3:	Summary of separation, patient day and average length of stay statistics, by hospital type, Australia, 1999-00 to 2003-04.....	16
Table 2.4:	Summary of separation, average cost weight, patient day and average length of stay statistics, by hospital type, states and territories, 2003-04 .....	19
Table 2.5:	Non-admitted patient occasions of service, by type of non-admitted patient care, public acute and psychiatric hospitals, states and territories, 2003-04 .....	22
Table 2.6:	Non-admitted patient occasions of service ('000), by type of non-admitted patient care, private hospitals, states and territories, 2002-03.....	23

## Chapter 3: Public hospital establishments

Table 3.1:	Number of public acute and psychiatric hospitals and available beds, by hospital size, states and territories, 2003-04.....	29
Table 3.2:	Number of hospitals, available beds and ratio of available beds in area to 1,000 population resident in area, by Remoteness Area, public acute and psychiatric hospitals, states and territories, 2003-04.....	30
Table 3.3:	Number of public acute hospitals with specialised services, by Remoteness Area, states and territories, 2003-04 .....	31
Table 3.4:	Average full-time equivalent staff, public acute and psychiatric hospitals, states and territories, 2003-04.....	33
Table 3.5:	Recurrent expenditure (\$'000), public acute and psychiatric hospitals, states and territories, 2003-04.....	34
Table 3.6:	Revenue (\$'000), public acute and psychiatric hospitals, states and territories, 2003-04 .....	35

## Chapter 4: Hospital performance indicators

Table 4.A:	The National Health Performance Framework, Tier 3.....	37
Table 4.B:	Performance indicator information in this report, by National Health Performance Framework dimension .....	37
Table 4.1:	Cost per casemix-adjusted separation and selected other statistics, selected public acute hospitals, states and territories, 2003-04 .....	48
Table 4.2:	Cost per casemix-adjusted separation and selected other statistics, by public hospital peer group, states and territories, 2003-04 .....	50
Table 4.3:	Average salary (\$) of full time equivalent staff, public acute and psychiatric hospitals, states and territories, 2003-04.....	54

Table 4.4:	Selected statistics by accreditation status, states and territories, public hospitals 2003–04, private hospitals 2002–03 .....	55
Table 4.5:	Separation statistics for selected procedures, by state or territory of usual residence, all hospitals, 2003–04.....	56
Table 4.6:	Separation statistics for selected procedures, by Remoteness Area of usual residence, all hospitals, Australia, 2003–04.....	60
Table 4.7:	Separation statistics for selected procedures, by quintile of socioeconomic advantage/disadvantage, all hospitals, Australia, 2003–04.....	63
Table 4.8:	Separation statistics for selected potentially preventable hospitalisations, by state or territory of usual residence, all hospitals, 2003–04 .....	66
Table 4.9:	Separation statistics for selected potentially preventable hospitalisations, by Remoteness Area of usual residence, all hospitals, 2003–04 .....	70
Table 4.10:	Separation statistics for selected potentially preventable hospitalisations, by quintile of socioeconomic advantage/disadvantage, all hospitals, 2003–04 .....	74
Table 4.11:	Average length of stay(days) for selected AR-DRGs version 5.0, by hospital sector, states and territories, 2003–04 .....	78
Table 4.12:	Relative stay index, by hospital sector, patient election status and funding source states and territories, 2003–04 .....	82
Table 4.13:	Relative stay index, directly and indirectly standardised by hospital sector, and medical/surgical/other type of AR-DRG, states and territories, 2003–04...	83
Table 4.14:	Separations with an adverse event by hospital sector, Australia, 2003–04.....	84

## **Chapter 5: Non-admitted patient emergency department care**

Table 5.1:	Emergency department occasions of service, public hospitals, states and territories, 2003–04 .....	96
Table 5.2:	Accident and emergency non-admitted patient occasions of service, by Remoteness Area of hospital, public acute hospitals, states and territories, 2003–04.....	97
Table 5.3:	Non-admitted patient emergency department emergency presentation statistics, by triage category and public hospital peer group, Australia, 2001–02 to 2003–04 .....	99
Table 5.4:	Non-admitted patient emergency department emergency presentation statistics, by triage category and public hospital peer group, states and territories, 2003–04 .....	101
Table 5.5:	Non-admitted patient emergency department occasion of service statistics, by type of visit and public hospital peer group, states and territories, 2003–04.....	103
Table 5.6:	Non-admitted patient emergency department occasion of service, by age group and sex, public hospitals, states and territories, 2003–04.....	104
Table 5.7:	Non-admitted patient emergency department occasions of service, by Indigenous status, public hospitals, states and territories, 2003–04.....	105
Table 5.8:	Non-admitted patient emergency department occasions of service, by triage category and emergency department arrival mode–transport and departure status, public hospitals, Australia, 2003–04.....	106

Table 5.9:	Non-admitted patient emergency department occasions of service, by emergency department arrival mode–transport and departure status, public hospitals, states and territories, 2003–04 .....	107
Table 5.10:	Non-admitted patient emergency department occasions of service duration (hours:minutes), by triage category, public hospitals, states and territories, 2003–04.....	108

## **Chapter 6: Waiting times for elective surgery**

Table 6.1:	Waiting time statistics for patients admitted from waiting lists, by public hospital peer group, Australia, 1999–00 to 2003–04 .....	118
Table 6.2:	Waiting time statistics for patients admitted from waiting lists, by hospital peer group, states and territories, 2003–04 .....	119
Table 6.3:	Additions to waiting lists, and waiting time statistics for patients removed from waiting lists, by reason for removal, states and territories, 2003–04 .....	121
Table 6.4:	Waiting time statistics for patients admitted from waiting lists, by specialty of surgeon, states and territories, 2003–04 .....	122
Table 6.5:	Waiting time statistics for patients admitted from waiting lists, by indicator procedure, states and territories, 2003–04.....	124

## **Chapter 7: Administrative data for admitted patients**

Table 7.1:	Separations and patient days, by Medicare eligibility status, patient election status, funding source and hospital sector, Australia, 1999–00 to 2003–04.....	135
Table 7.2:	Separations, by patient election status, funding source and hospital sector, states and territories, 2003–04.....	136
Table 7.3:	Separations per 1,000 population, by patient election status, funding source and hospital sector, states and territories, 2003–04.....	137
Table 7.4:	Average cost weight of separations, by patient election status, funding source and hospital sector, states and territories, 2003–04.....	138
Table 7.5:	Patient days, by patient election status, funding source and hospital sector, states and territories, 2003–04.....	139
Table 7.6:	Separations, by patient election status, funding source and age group, 2003–04.....	140
Table 7.7:	Separations, by state or territory of usual residence and hospital sector, states and territories, 2003–04.....	141
Table 7.8:	Separations, by state or territory of usual residence and patient election status, states and territories, 2003–04 .....	142
Table 7.9:	Average cost weight of separations, by state or territory of usual residence and hospital sector, states and territories, 2003–04 .....	143
Table 7.10:	Separations, by care type and hospital sector, states and territories, 2003–04 ..	144
Table 7.11:	Average length of stay (days), by care type and hospital sector, states and territories, 2003–04 .....	145
Table 7.12:	Separations for non-acute care, by patient election status and mode of separation, all hospitals, Australia, 2003–04.....	146

Table 7.13:	Separations for non-acute care, by sex, age group and mode of separation, all hospitals, Australia, 2003–04 .....	147
Table 7.14:	Separations, by mode of admission and hospital sector, states and territories, 2003–04 .....	150
Table 7.15:	Separations, by mode of separation and hospital sector, states and territories, 2003–04 .....	151
Table 7.16:	Separations, by inter-hospital contracted patient status and hospital sector, states and territories, 2003–04 .....	152
Table 7.17:	Separations, by urgency of admission and hospital sector, states and territories, 2003–04 .....	153
Table 7.18:	Separations with hospital in the home care, by hospital sector, states and territories, 2003–04 .....	154

## **Chapter 8: Demographic profile for admitted patients**

Table 8.1:	Separations, by age group, sex and hospital sector, Australia, 1999–00 to 2003–04 .....	162
Table 8.2:	Separations, by age group and sex, public hospitals, states and territories, 2003–04 .....	163
Table 8.3:	Separations, by age group and sex, private hospitals, states and territories, 2003–04 .....	164
Table 8.4:	Patient days, by age group, sex and hospital sector, Australia, 1999–00 to 2003–04 .....	165
Table 8.5:	Patient days, by age group and sex, public hospitals, states and territories, 2003–04 .....	166
Table 8.6:	Patient days, by age group and sex, private hospitals, states and territories, 2003–04 .....	167
Table 8.7:	Separations, by Indigenous status and hospital sector, states and territories, 2003–04 .....	168
Table 8.8:	Overnight separations, by Indigenous status and hospital sector, states and territories, 2003–04 .....	169
Table 8.9:	Separations, by Indigenous status, age group and sex, Australia, 2003–04 .....	170
Table 8.10:	Separations, by selected country/region of birth and hospital sector, Australia, 2003–04 .....	172
Table 8.11:	Selected separation statistics, by same day status, hospital sector and state and territory of usual residence, 2003–04 .....	174
Table 8.12:	Selected separation statistics, by same day status, hospital sector and Remoteness Area of usual residence, Australia, 2003–04 .....	175
Table 8.13:	Selected separation statistics, by same day status, hospital sector and quintile of socioeconomic advantage/disadvantage, Australia, 2003–04 .....	176

## **Chapter 9: Principal diagnoses for admitted patients**

Table 9.1:	Selected separation statistics, by principal diagnosis in ICD-10-AM chapters, public hospitals, Australia, 2003–04 .....	185
------------	--	-----

Table 9.2:	Selected separation statistics, by principal diagnosis in ICD-10-AM chapters, private hospitals, Australia, 2003–04 .....	186
Table 9.3:	Separations, by principal diagnosis in ICD-10-AM chapters, public hospitals, states and territories, 2003–04 .....	187
Table 9.4:	Separations, by principal diagnosis in ICD-10-AM chapters, private hospitals, states and territories, 2003–04 .....	188
Table 9.5:	Separations, by number of diagnoses reported and hospital sector, states and territories, 2003–04 .....	189
Table 9.6:	Separations for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the largest changes in the total numbers of separations for sectors combined, by hospital sector, 1999–00 to 2003–04 .....	190
Table 9.7:	Separations for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the largest changes in the total numbers of separations, by patient election status, 1999–00 to 2003–04 .....	191
Table 9.8:	Selected separation statistics for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of overnight separations, public hospitals, Australia, 2003–04 .....	192
Table 9.9:	Selected separation statistics for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of overnight separations, private hospitals, Australia, 2003–04 .....	193
Table 9.10:	Selected separation statistics for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of same day separations, public hospitals, Australia, 2003–04 .....	194
Table 9.11:	Selected separation statistics for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of same day separations, private hospitals, Australia, 2003–04 .....	195
Table 9.12:	Selected separation statistics for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, private free-standing day hospitals, Australia, 2003–04 .....	196
Table 9.13:	Selected separation statistics, by principal diagnosis in ICD-10-AM groupings, public psychiatric hospitals, Australia, 2003–04 .....	197
Table 9.14:	Separations for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, public hospitals, states and territories, 2003–04 .....	198
Table 9.15:	Separations for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, private hospitals, states and territories, 2003–04 .....	199
Table 9.16:	Average length of stay (days) for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, public hospitals, states and territories, 2003–04 .....	200
Table 9.17:	Average length of stay (days) for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, private hospitals, states and territories, 2003–04 .....	201

Table 9.18:	Separations for males for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, by age group, all hospitals, Australia, 2003-04 .....	202
Table 9.19:	Separations for females for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, by age group, all hospitals, Australia, 2003-04 .....	203
Table 9.20:	Separation statistics related to renal failure, by state or territory of usual residence, all hospitals, 2003-04.....	204
Table 9.21:	Separation statistics related to renal failure, by Remoteness Area of usual residence, all hospitals, 2003-04.....	205
Table 9.22:	Separation statistics related to renal failure, by quintile of socioeconomic advantage/disadvantage, all hospitals, Australia, 2003-04.....	206
Table 9.23:	Separation statistics, by principal diagnosis in ICD-10-AM chapters, by Indigenous status, all hospitals, Australia, 2003-04.....	207

## **Chapter 10: Procedures for admitted patients**

Table 10.1:	Separation and procedure statistics, by procedure in ICD-10-AM chapters, public hospitals, Australia, 2003-04 .....	216
Table 10.2:	Separation and procedure statistics, by procedure in ICD-10-AM chapters, private hospitals, Australia, 2003-04 .....	217
Table 10.3:	Separations, by procedure in ICD-10-AM chapters, public hospitals, states and territories, 2003-04.....	218
Table 10.4:	Separations, by procedure in ICD-10-AM chapters, private hospitals, states and territories, 2003-04.....	219
Table 10.5:	Separations, by number of procedures reported and hospital sector, states and territories, 2003-04.....	220
Table 10.6:	Separations for selected procedures, by hospital sector, Australia, 1999-00 to 2003-04 .....	221
Table 10.7:	Separations for selected procedures, by patient election status, Australia, 1999-00 to 2003-04 .....	222
Table 10.8:	Number of procedures, by ICD-10-AM chapter, public hospitals, states and territories, 2003-04.....	223
Table 10.9:	Number of procedures, by ICD-10-AM chapter, private hospitals, states and territories, 2003-04.....	224
Table 10.10:	Separation and procedure statistics for the 30 ICD-10-AM procedure blocks with the highest number of overnight separations, public hospitals, Australia, 2003-04 .....	225
Table 10.11:	Separation and procedure statistics for the 30 ICD-10-AM procedure blocks with the highest number of overnight separations, private hospitals, Australia, 2003-04 .....	226
Table 10.12:	Separation and procedure statistics for the 30 ICD-10-AM procedure blocks with the highest number of same day separations, public hospitals, Australia, 2003-04 .....	227

Table 10.13: Separation and procedure statistics for the 30 ICD-10-AM procedure blocks with the highest number of same day separations, private hospitals, Australia, 2003-04 .....	228
Table 10.14: Separation and procedure statistics for the 30 ICD-10-AM procedure blocks with the highest number of separations, private free-standing day hospitals, Australia, 2003-04.....	229
Table 10.15: Separations for the 30 ICD-10-AM procedure blocks with the highest number of separations, public hospitals, states and territories, 2003-04 .....	230
Table 10.16: Separations for the 30 ICD-10-AM procedure blocks with the highest number of separations, private hospitals, states and territories, 2003-04.....	231
Table 10.17: Average length of stay (days) for the 30 ICD-10-AM procedure blocks with the highest number of separations, public hospitals, states and territories, 2003-04 .....	232
Table 10.18: Average length of stay (days) for the 30 ICD-10-AM procedure blocks with the highest number of separations, private hospitals, states and territories, 2003-04 .....	233
Table 10.19: Separations for males for the 30 ICD-10-AM procedure blocks with the highest number of separations, by age group, all hospitals, Australia, 2003-04.....	234
Table 10.20: Separations for females for the 30 ICD-10-AM procedure blocks with the highest number of separations, by age group, all hospitals, Australia, 2003-04.....	235
Table 10.21: Procedure statistics in ICD-10-AM chapters, by Indigenous status, all hospitals, Australia, 2003-04.....	236

## **Chapter 11: External causes for admitted patients**

Table 11.1: Selected separation statistics, by external cause in ICD-10-AM groupings and hospital sector, Australia, 2003-04 .....	243
Table 11.2: Separations, by external cause in ICD-10-AM groupings and hospital sector, states and territories, 2003-04 .....	244
Table 11.3: Separations for males, by external cause in ICD-10-AM groupings and age group, all hospitals, Australia, 2003-04 .....	245
Table 11.4: Separations for females, by external cause in ICD-10-AM groupings and age group, all hospitals, Australia, 2003-04 .....	246
Table 11.5: Separations, by external cause in ICD-10-AM groupings and place of occurrence, all hospitals, Australia, 2003-04 .....	247
Table 11.6: Separations, by external cause in ICD-10-AM groupings and activity when injured, all hospitals, Australia, 2003-04.....	248
Table 11.7: Separations, by external cause and principal diagnosis in ICD-10-AM groupings, all hospitals, Australia, 2003-04 .....	249

## **Chapter 12: Australian Refined Diagnosis Related Groups for admitted patients**

Table 12.1: Selected separation statistics, by Major Diagnostic Category version 5.0 and medical/surgical/other partition, public hospitals, Australia, 2003-04 .....	260
---	-----

Table 12.2:	Selected separation statistics, by Major Diagnostic Category version 5.0 and medical/surgical/other partition, private hospitals, Australia, 2003-04.....	261
Table 12.3:	Separations, by Major Diagnostic Category version 5.0 and medical/surgical/other partition, public hospitals, states and territories, 2003-04.....	262
Table 12.4:	Separations, by Major Diagnostic Category version 5.0 and medical/surgical/other partition, private hospitals, states and territories, 2003-04.....	263
Table 12.5:	Separations for the 30 AR-DRGs version 5.0 with the largest changes in the total numbers of separations, by hospital sector, Australia, 1999-00 to 2003-04.....	264
Table 12.6:	Separations for the 30 AR-DRGs version 5.0 with the largest changes in the total numbers of separations, by patient election status, Australia, 1999-00 to 2003-04 .....	265
Table 12.7:	Selected separation statistics for the 30 AR-DRGs version 5.0 with the largest number of overnight separations, public hospitals, Australia, 2003-04.....	266
Table 12.8:	Selected separation statistics for the 30 AR-DRGs version 5.0 with the largest number of overnight separations, private hospitals, Australia, 2003-04.....	267
Table 12.9:	Selected separation statistics for the 30 AR-DRGs version 5.0 with the largest number of same day separations, public hospitals, Australia, 2003-04.....	268
Table 12.10:	Selected separation statistics for the 30 AR-DRGs version 5.0 with the largest number of same day separations, private hospitals, Australia, 2003-04.....	269
Table 12.11:	Selected separation statistics for the 30 AR-DRGs version 5.0 with the largest number of separations, private free-standing day hospitals, Australia, 2003-04 .....	270
Table 12.12:	Selected separation statistics for the 30 AR-DRGs version 5.0 with the largest number of separations, public psychiatric hospitals, Australia, 2003-04.....	271
Table 12.13:	Separations for the 30 AR-DRGs version 5.0 with the largest number of separations, public hospitals, states and territories, 2003-04.....	272
Table 12.14:	Separations for the 30 AR-DRGs version 5.0 with the largest number of separations, private hospitals, states and territories, 2003-04.....	273
Table 12.15:	Average length of stay (days) for the 30 AR-DRGs version 5.0 with the largest number of separations, public hospitals, states and territories, 2003-04.....	274
Table 12.16:	Average length of stay (days) for the 30 AR-DRGs version 5.0 with the largest number of separations, private hospitals, states and territories, 2003-04.....	275
Table 12.17:	Separations for males for the 30 AR-DRGs version 5.0 with the largest number of separations, by age group, all hospitals, Australia, 2003-04 .....	276

Table 12.18: Separations for females for the 30 AR-DRGs version 5.0 with the largest number of separations, by age group, all hospitals, Australia, 2003-04 .....	277
---	-----

### **Appendix 3: Technical notes**

Table A3.5: Summary of separations in public acute hospitals selected for the cost per casemix-adjusted separation analysis and data for excluded hospitals, states and territories, 2003-04 .....	304
Table A3.6: Cost per acute casemix-adjusted separation, subset of selected public acute hospitals, New South Wales, Victoria, Western Australia and South Australia, Tasmania and the Northern Territory 2003-04.....	305
Table A3.7: Cost per acute non-psychiatric casemix-adjusted separation, subset of selected public acute hospitals, New South Wales, Victoria, Western Australia and Northern Territory, 2003-04 .....	306
Table A3.8: Count of AR-DRGs v 4.2 contributing to the relative stay index, by sector, and medical/surgical/other type of AR-DRG, states and territories, 2003-04.....	307
Table A3.9: Separations, by Medicare eligibility status and hospital sector, states and territories, 2003-04 .....	308

### **Appendix 4: Hospitals contributing**

Table A4.1: Selected hospitals included in this report that predominantly provide public hospital services, that are privately owned and/or operated. ....	310
Table A4.2: Coverage of hospitals in the National Hospital Morbidity Database, by hospital sector, states and territories, 2003-04 .....	310
Table A4.5: Differences between private hospital separations on the National Hospital Morbidity Database and reported to the ABS's Private Health Establishments Collection, 1994-95 to 2002-03.....	311
Table A4.7: Numbers of public hospitals reported in this report, states and territories, 2003-04.....	314
Table A4.8: Public hospital peer group classification .....	315

### **Appendix 5: Service Related Groups**

Table A5.5: Hospitals with more than 50 separations and with more than 360 patient days in each Service Related Group, by Service Related Group, and Remoteness Area, public hospitals, states and territories, 2003-04 .....	319
---	-----
