

# Appendix 1: List of tables

## 2 Overview of Australian hospitals

Table 2.1: Summary of hospitals, Australia, 1998–99 to 2002–03.....	16
Table 2.2: Number of hospitals and available or licensed beds, by hospital sector and type, states and territories, 2002–03 .....	17
Table 2.3: Summary of separation, patient day and average length of stay statistics, by hospital type, Australia, 1998–99 to 2002–03.....	18
Table 2.4: Summary of separation, average cost weight, patient day and average length of stay statistics, by hospital type, states and territories, 2002–03.....	21
Table 2.5: Non-admitted patient occasions of service, by type of non-admitted patient care, public acute and psychiatric hospitals, states and territories, 2002–03.....	24
Table 2.6: Accident and emergency non-admitted patient occasions of service, by Remoteness Area of hospital, public acute hospitals, states and territories, 2002–03.....	25
Table 2.7: Non-admitted patient occasions of service ('000), by type of non-admitted patient care, private hospitals, states and territories, 2002–03.....	26

## 3 Public hospital establishments

Table 3.1: Number of public acute and psychiatric hospitals and available beds, by hospital size, states and territories, 2002–03.....	32
Table 3.2: Number of hospitals, available beds and ratio of available beds in area to 1,000 population resident in area, by Remoteness Area, public acute and psychiatric hospitals, states and territories, 2002–03.....	33
Table 3.3: Number of public acute hospitals with specialised services, by Remoteness Area, states and territories, 2002–03 .....	34
Table 3.4: Average full-time equivalent staff, public acute and psychiatric hospitals, states and territories, 2002–03 .....	36
Table 3.5: Recurrent expenditure (\$'000), public acute and psychiatric hospitals, states and territories, 2002–03 .....	37
Table 3.6: Revenue (\$'000), public acute and psychiatric hospitals, states and territories, 2002–03 .....	38

## 4 Hospital performance indicators

Table 4.1: Cost per casemix-adjusted separation and selected other statistics, selected public acute hospitals, states and territories, 2002–03 .....	54
Table 4.2: Cost per casemix-adjusted separation and selected other statistics, by public hospital peer group, Australia, 2002–03 .....	56
Table 4.3: Cost per casemix-adjusted separation and selected other statistics, by public hospital peer group, states and territories, 2002–03.....	57

Table 4.4: Average salary (\$) of full-time equivalent staff, public acute and psychiatric hospitals, states and territories, 2002–03.....	61
Table 4.5: Selected statistics by accreditation status, states and territories, public hospitals 2002–03, private hospitals 2001–02.....	62
Table 4.6: Separation statistics for selected procedures, by state or territory of usual residence, all hospitals, 2002–03.....	64
Table 4.7: Separation statistics for selected procedures, by Remoteness Area of usual residence, all hospitals, Australia, 2002–03.....	68
Table 4.8: Separation statistics for selected potentially preventable hospitalisations, by state or territory of usual residence, all hospitals, 2002–03.....	71
Table 4.9: Separation statistics for selected potentially preventable hospitalisations, by Remoteness Area of usual residence, all hospitals, 2002–03.....	75
Table 4.10: Average length of stay (days) for selected AR-DRGs version 5.0, by hospital sector, states and territories, 2002–03.....	79
Table 4.11: Relative stay index, by hospital sector, patient election status and funding source states and territories, 2002–03.....	83
Table 4.12: Relative stay index, directly and indirectly standardised by hospital sector, and medical/surgical/other type of AR-DRG, states and territories, 2002–03.....	84
Table 4.13: Emergency department waiting times by triage category and public hospital peer group, states and territories, 2002–03.....	85
Table 4.14: Separations with an adverse event by hospital sector, Australia, 2002–03.....	88
<b>5 Waiting times for elective surgery</b>	
Table 5.1: Waiting time statistics for patients admitted from waiting lists, by public hospital peer group, Australia, 1999–00 to 2002–03.....	98
Table 5.2: Waiting time statistics for patients admitted from waiting lists, by hospital peer group, states and territories, 2002–03.....	99
Table 5.3: Additions to waiting lists and waiting list statistics for patients removed from waiting lists, by reason for removal category, states and territories, 2002–03.....	101
Table 5.4: Waiting list statistics for patients admitted from waiting lists, by specialty of surgeon, states and territories, 2002–03.....	102
Table 5.5: Waiting list statistics for patients admitted from waiting lists, by indicator procedure, states and territories, 2002–03.....	104
<b>6 Administrative data for admitted patients</b>	
Table 6.1: Separations, by patient election status, funding source and hospital sector, states and territories, 2002–03.....	115
Table 6.2: Separations per 1,000 population, by patient election status, funding source and hospital sector, states and territories, 2002–03.....	116
Table 6.3: Average cost weight of separations, by patient election status, funding source and hospital sector, states and territories, 2002–03.....	117

Table 6.4: Patient days, by patient election status, funding source and hospital sector, states and territories, 2002-03 .....	118
Table 6.5: Separations and patient days, by patient election status, funding source, hospital sector and year, Australia, 1998-99 to 2002-03.....	119
Table 6.6: Separations, by state or territory of usual residence and hospital sector, states and territories, 2002-03 .....	120
Table 6.7: Separations per 1,000 population, by state or territory of usual residence and hospital sector, states and territories, 2002-03.....	121
Table 6.8: Average cost weight of separations, by state or territory of usual residence and hospital sector, states and territories, 2002-03.....	122
Table 6.9: Separations, by care type and hospital sector, states and territories, 2002-03 .....	123
Table 6.10: Average length of stay (days), by care type and hospital sector, states and territories, 2002-03 .....	124
Table 6.11: Separations with non-acute care, by patient election status and mode of separation, all hospitals, Australia, 2002-03 .....	125
Table 6.12: Separations with non-acute care, by sex, age group and mode of separation, all hospitals, Australia, 2002-03.....	126
Table 6.13: Separations, by mode of admission and hospital sector, states and territories, 2002-03 .....	128
Table 6.14: Separations, by mode of separation and hospital sector, states and territories, 2002-03 .....	129
Table 6.15: Separations, by inter-hospital contracted patient status and hospital sector, states and territories, 2002-03 .....	130
Table 6.16: Separations, by urgency of admission and hospital sector, states and territories, 2002-03 .....	131
Table 6.17: Separations with hospital in the home care, by hospital sector, states and territories, 2002-03.....	132
 <b>7 Demographic profile for admitted patients</b>	
Table 7.1: Separations, by age group and sex, all hospitals, states and territories, 2002-03...	144
Table 7.2: Separations, by age group and sex, public hospitals, states and territories, 2002-03 .....	145
Table 7.3: Separations, by age group and sex, private hospitals, states and territories, 2002-03 .....	146
Table 7.4: Patient days, by age group and sex, all hospitals, states and territories, 2002-03..	147
Table 7.5: Patient days, by age group and sex, public hospitals, states and territories, 2002-03 .....	148
Table 7.6: Patient days, by age group and sex, private hospitals, states and territories, 2002-03 .....	149

Table 7.7: Separations, by Indigenous status <sup>(b)</sup> and hospital sector, states and territories, 2002-03 .....	150
Table 7.8: Overnight separations, by Indigenous status <sup>(b)</sup> and hospital sector, states and territories, 2002-03 .....	151
Table 7.9: Separations, by Indigenous status, age group and sex, Australia, 2002-03 .....	152
Table 7.10: Separations, by selected country/region of birth and hospital sector, Australia, 2002-03 .....	153
Table 7.11: Selected separation statistics by same day status, hospital sector and state and territory of usual residence, 2002-03.....	155
Table 7.12: Selected separation statistics, by same day status, hospital sector and Remoteness Area of usual residence, all hospitals, Australia, 2002-03 .....	156

## **8 Principal diagnoses for admitted patients**

Table 8.1: Selected separation statistics, by principal diagnosis in ICD-10-AM groupings, public hospitals, Australia, 2002-03.....	167
Table 8.2: Selected separation statistics, by principal diagnosis in ICD-10-AM groupings, private hospitals, Australia, 2002-03 .....	169
Table 8.3: Separations, by principal diagnosis in ICD-10-AM groupings, public hospitals, states and territories, 2002-03 .....	171
Table 8.4: Separations, by principal diagnosis in ICD-10-AM groupings, private hospitals, states and territories, 2002-03 .....	173
Table 8.5: Separations, by number of diagnoses reported and hospital sector, states and territories, 2002-03.....	175
Table 8.6: Selected separation statistics for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of overnight separations, public hospitals, Australia, 2002-03.....	176
Table 8.7: Selected separation statistics for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of overnight separations, private hospitals, Australia, 2002-03.....	177
Table 8.8: Selected separation statistics for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of same day separations, public hospitals, Australia, 2002-03.....	178
Table 8.9: Selected separation statistics for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of same day separations, private hospitals, Australia, 2002-03.....	179
Table 8.10: Selected separation statistics for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, private free-standing day hospitals, Australia, 2002-03.....	180
Table 8.11: Selected separation statistics, by principal diagnosis in ICD-10-AM groupings, public psychiatric hospitals, Australia, 2002-03 .....	181

Table 8.12: Separations for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, public hospitals, states and territories, 2002-03 .....	182
Table 8.13: Separations for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, private hospitals, states and territories, 2002-03 .....	183
Table 8.14: Average length of stay (days) for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, public hospitals, states and territories, 2002-03 .....	184
Table 8.15: Average length of stay (days) for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, private hospitals, states and territories, 2002-03 .....	185
Table 8.16: Separations for males for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, by age group, all hospitals, Australia, 2002-03.....	186
Table 8.17: Separations for females for the 30 principal diagnoses in 3-character ICD-10-AM groupings with the highest number of separations, by age group, all hospitals, Australia, 2002-03.....	187
Table 8.18: Separation statistics, by principal diagnosis in ICD-10-AM chapters, by Indigenous status, all hospitals, Australia, 2002-03 .....	188

## **9 Procedures for admitted patients**

Table 9.1: Separation and procedure statistics, by procedure in ICD-10-AM groupings, public hospitals, Australia, 2002-03 .....	199
Table 9.2: Separation and procedure statistics, by procedure in ICD-10-AM groupings, private hospitals, Australia, 2002-03.....	201
Table 9.3: Separations, by procedure in ICD-10-AM groupings, public hospitals, states and territories, 2002-03 .....	203
Table 9.4: Separations, by procedure in ICD-10-AM groupings, private hospitals, states and territories, 2002-03 .....	205
Table 9.5: Separations, by number of procedures reported and hospital sector, states and territories, 2002-03 .....	207
Table 9.6: Number of procedures, by ICD-10-AM groupings, public hospitals, states and territories, 2002-03 .....	208
Table 9.7: Number of procedures, by ICD-10-AM groupings, private hospitals, states and territories, 2002-03 .....	210
Table 9.8: Separation and procedure statistics for the 30 ICD-10-AM procedure blocks with the highest number of overnight separations, public hospitals, Australia, 2002-03 .....	212
Table 9.9: Separation and procedure statistics for the 30 ICD-10-AM procedure blocks with the highest number of overnight separations, private hospitals, Australia, 2002-03 .....	213

Table 9.10: Separation and procedure statistics for the 30 ICD-10-AM procedure blocks with the highest number of same day separations, public hospitals, Australia, 2002-03 .....	214
Table 9.11: Separation and procedure statistics for the 30 ICD-10-AM procedure blocks with the highest number of same day separations, private hospitals, Australia, 2002-03 .....	215
Table 9.12: Separation and procedure statistics for the 30 ICD-10-AM procedure blocks with the highest number of separations, private free-standing day hospitals, Australia, <sup>(b)</sup> 2002-03.....	216
Table 9.13: Separations for the 30 ICD-10-AM procedure blocks with the highest number of separations, public hospitals, states and territories, 2002-03 .....	217
Table 9.14: Separations for the 30 ICD-10-AM procedure blocks with the highest number of separations, private hospitals, states and territories, 2002-03.....	218
Table 9.15: Average length of stay (days) for the 30 ICD-10-AM procedure blocks with the highest number of separations, public hospitals, states and territories, 2002-03 .....	219
Table 9.16: Average length of stay (days) for the 30 ICD-10-AM procedure blocks with the highest number of separations, private hospitals, states and territories, 2002-03 .....	220
Table 9.17: Separations for males for the 30 ICD-10-AM procedure blocks with the highest number of separations, by age group, all hospitals, Australia, 2002-03.....	221
Table 9.18: Separations for females for the 30 ICD-10-AM procedure blocks with the highest number of separations, by age group, all hospitals, Australia, 2002-03.....	222
Table 9.19: Procedure statistics in ICD-10-AM chapters, by Indigenous status, all hospitals, Australia, 2002-03.....	223

## **10 External causes for admitted patients**

Table 10.1: Selected separation statistics, by external cause in ICD-10-AM groupings and hospital sector, Australia, 2002-03 .....	231
Table 10.2: Separations, by external cause in ICD-10-AM groupings and hospital sector, states and territories, 2002-03 .....	232
Table 10.3: Separations for males, by external cause in ICD-10-AM groupings and age group, all hospitals, Australia, 2002-03.....	233
Table 10.4: Separations for females, by external cause in ICD-10-AM groupings and age group, all hospitals, Australia, 2002-03 .....	234
Table 10.5: Separations, by external cause in ICD-10-AM groupings and place of occurrence, all hospitals, Australia, 2002-03.....	235
Table 10.6: Separations, by external cause in ICD-10-AM groupings and activity when injured, all hospitals, Australia, 2002-03 .....	236
Table 10.7: Separations, by first-reported external cause and principal diagnosis in ICD-10-AM groupings, all hospitals, Australia, 2002-03.....	238

## 11 Australian Refined Diagnosis Related Groups for admitted patients

Table 11.1: Selected separations by Major Diagnostic Category version 5.0 and medical/surgical/other partition, public hospitals, Australia, 2002–03.....	250
Table 11.2: Selected separations by Major Diagnostic Category version 5.0 and medical/surgical/other partition, private hospitals, Australia, 2002–03 .....	251
Table 11.3: Separations by Major Diagnostic Category version 5.0 and medical/surgical/other partition, public hospitals, states and territories, 2002–03 .....	252
Table 11.4: Separations by Major Diagnostic Category version 5.0 and medical/surgical/other partition, private hospitals, states and territories, 2002–03 .....	253
Table 11.5: Selected separations for the 30 AR-DRGs version 5.0 with the highest number of overnight separations, public hospitals, Australia, 2002–03.....	254
Table 11.6: Selected separations for the 30 AR-DRGs version 5.0 with the highest number of overnight separations, private hospitals, Australia, 2002–03 .....	255
Table 11.7: Selected separations for the 30 AR-DRGs version 5.0 with the highest number of same day separations, public hospitals, Australia, 2002–03 .....	256
Table 11.8: Selected separations for the 30 AR-DRGs version 5.0 with the highest number of same day separations, private hospitals, Australia, 2002–03.....	257
Table 11.9: Selected separations for the 30 AR-DRGs version 5.0 with the highest number of separations, private free-standing hospitals, Australia, 2002–03 .....	258
Table 11.10: Selected separations for the 30 AR-DRGs version 5.0 with the highest number of separations, public psychiatric hospitals, Australia, 2002–03 .....	259
Table 11.11: Separations for the 30 AR-DRGs version 5.0 with the highest number of separations, public hospitals, states and territories, 2002–03 .....	260
Table 11.12: Separations for the 30 AR-DRGs version 5.0 with the highest number of separations, private hospitals, states and territories, 2002–03.....	261
Table 11.13: Average length of stay (days) for the 30 AR-DRGs version 5.0 with the highest number of separations, public hospitals, states and territories, 2002–03 .....	262
Table 11.14: Average length of stay (days) for the 30 AR-DRGs version 5.0 with the highest number of separations, private hospitals, states and territories, 2002–03 .....	263
Table 11.15: Separations for males for the 30 AR-DRGs version 5.0 with the highest number of hospital separations, by age group, all hospitals, Australia, 2002–03.....	264
Table 11.16: Separations for females for the 30 AR-DRGs version 5.0 with the highest number of hospital separations, by age group, all hospitals, Australia, 2002–03.....	265
Table 11.17: Separations for the 30 AR-DRGs version 5.0 with the largest changes in the numbers of separations in the public or private sectors, 1998–99 to 2002–03 .....	266
Table 11.18: Separations for the 30 AR-DRGs version 5.0 with the largest changes in the numbers of separations, by patient election status, 1998–99 to 2002–03.....	267

### **Appendix 3: Technical notes**

Table A3.5: Summary of separations in public acute hospitals selected for the cost per casemix-adjusted separation analysis and data for excluded hospitals, states and territories, 2002-03 .....	300
Table A3.6: Cost per acute casemix-adjusted separation, subset of selected public acute hospitals, New South Wales, Victoria, Western Australia and South Australia 2002-03 .....	301
Table A3.7: Cost per acute non-psychiatric casemix-adjusted separation, subset of selected public acute hospitals, New South Wales, Victoria and Western Australia, 2002-03 .....	302
Table A3.8: Count of AR-DRGs v 5.0 contributing to the relative stay index, by sector, and medical/surgical/other type of AR-DRG, states and territories, 2002-03 .....	303
Table A3.9: Separations for Group 1 Error DRGs for the 10 procedures with the highest number of separations, by hospital sector, states and territories, 2002-03 .....	304
Table A3.10: Separations for Group 2 Error AR-DRGs for the 10 principal diagnoses with the highest number of separations, by hospital sector, states and territories, 2002-03 .....	305
Table A3.11: Separations, by Medicare eligibility status and hospital sector, states and territories, 2002-03 .....	306
Table A3.12: Records for posthumous organ procurement and hospital boarders, by hospital sector, states and territories, 2002-03 .....	307

### **Appendix 4: Hospitals contributing to this report and public hospital peer groups**

Table A4.1: Coverage of hospitals in the National Hospital Morbidity Database, by hospital sector, states and territories, 2002-03 to be confirmed .....	309
Table A4.4: Differences between private hospital separations on the National Hospital Morbidity Database and reported to the ABS's Private Health Establishments Collection, 1993-94 to 2001-02 .....	310
Table A4.5: Numbers of public hospitals reported in this publication, states and territories, 2002-03 .....	313
Table A4.6: Public hospital peer group classification.....	314

### **Appendix 5: Service Related Groups**

Table A5.5: Hospitals with more than 50 separations and hospitals with more than 360 patient days in each Service Related Group, by Service Related Group, public hospitals, states and territories, 2002-03.....	318
---	-----
