

Appendix 2: List of figures

Hospitals at a glance

Figure 1:	Separations and patient days per 1,000 population, public acute and private hospitals, Australia, 1993-94 to 2001-02	x
Figure 2:	Average length of stay, Australia, 1993-94 to 2001-02.....	xi
Figure 3:	Separations per 1,000 population by age group and sex, 2001-02.....	xi
Figure 4:	Separations per 1,000 population by Indigenous status and age group, 2001-02.....	xii
Figure 5:	Separations per 1,000 population by Remoteness Area of usual residence and hospital sector	xii
Figure 6:	Separations ('000) by selected principal diagnosis, 2001-02.....	xii
Figure 7:	Potentially preventable hospitalisations, 1993-94 to 2001-02	xiii
Figure 8:	Number of separations for selected procedures, 2001-02.....	xiv
Figure 9:	Separations ('000) for chemotherapy and the proportion of separations in private hospitals, 2001-02	xiv
Figure 10:	Median waiting time (days) by specialty of surgeon, 2001-02.....	xiv
Figure 11:	Average annual change in the number of hospitals, Australia, 1993-94 to 2001-02.....	xv
Figure 12:	Average annual change in the number of available beds, Australia, 1993-94 to 2001-02	xv
Figure 13:	Average full-time equivalent staff, public acute and psychiatric hospitals, 1993-94 to 2001-02	xvi
Figure 14:	Recurrent expenditure, public acute and psychiatric hospitals, 2001-02	xvi
Figure 15:	Cost per casemix-adjusted separation, 1996-97 to 2001-02	xvi

Waiting times for elective surgery

Figure 5.1:	Interrelationships of a speciality of surgeon (General surgery) with other data elements, all hospitals, 2001-02.....	85
-------------	---	----

Administrative data for admitted patients

Figure 6.1:	Elective separations, by month of separation and sector, selected states and territories, 2001-02.....	120
Figure 6.2:	Emergency separations, by month of separation and sector, selected states and territories, 2001-02.....	120

Demographic profile for admitted patients

Figure 7.1:	Separations per 1,000 population, by age group and sex, public hospitals, Australia, 2001-02	133
Figure 7.2:	Separations per 1,000 population, by age group and sex, private hospitals, Australia, 2001-02	133

Figure 7.3:	Patient days per 1,000 population, by age group and sex, public hospitals, Australia, 2001-02	134
Figure 7.4:	Patient days per 1,000 population, by age group and sex, private hospitals, Australia, 2001-02	134
Figure 7.5:	Average length of stay, by age group and sex, public hospitals, Australia, 2001-02.....	135
Figure 7.6:	Average length of stay, by age group and sex, private hospitals, Australia, 2001-02.....	135
Figure 7.7:	Separations per 1,000 population, by age group, sex and Indigenous status, all hospitals, Australia, 2001-02.....	139
Figure 7.8:	Separations per 1,000 population, by Statistical Division of usual residence, public hospitals, Australia, 2001-02	144
Figure 7.9:	Separations per 1,000 population, by Statistical Division of usual residence, private hospitals, Australia, 2001-02.....	144

Principal diagnoses for admitted patients

Figure 8.1:	Interrelationship of a principal diagnosis (S82 Fracture of lower leg, including ankle) with other data elements, all hospitals, Australia, 2001-02.....	151
Figure 8.2:	Separations, by principal diagnosis in ICD-10-AM chapter groupings and hospital sector, Australia, 2001-02.....	152
Figure 8.3:	Patient days, by principal diagnosis in ICD-10-AM chapter groupings and hospital sector, Australia, 2001-02.....	153

Procedures for admitted patients

Figure 9.1:	Interrelationship of a procedure ([1635] Repair of wound of skin and subcutaneous tissue) with other data elements, all hospitals, Australia, 2001-02.....	182
Figure 9.2:	Separations by procedure, in ICD-10-AM chapter groupings, and hospital sector, Australia, 2001-02.....	183
Figure 9.3:	Patient days by procedure, in ICD-10-AM chapter groupings and hospital sector, Australia, 2001-02.....	184
Figure 9.4:	Percentage of separations with a procedure recorded, in ICD-10-AM chapter groupings and Indigenous status, all hospitals, Australia, 2001-02.....	210

External causes for admitted patients

Figure 10.1:	Interrelationship of an external cause (V01-V99 Transport accidents) with other data elements, all hospitals, Australia, 2001-02	215
--------------	--	-----

Australian Refined Diagnosis Related Groups for admitted patients

Figure 11.1:	Interrelationship of an AR-DRG (I18Z Knee procedures) with other data elements, all hospitals, Australia, 2001-02	230
Figure 11.2:	Separations by Major Diagnostic Category version 4.2 and hospital sector, Australia, 2001-02	231
Figure 11.3:	Patient days by Major Diagnostic Category version 4.2 and hospital sector, Australia, 2001-02	232

Figures in appendixes

Technical notes

Figure A3.1: Total cost per casemix-adjusted separation, 2000-01.....271
Figure A3.2: Error AR-DRGs as a percentage of all separations, states and territories,
2001-02.....284
