Preface

This publication contains statistical tables and charts in relation to Tasmania and is intended to supplement the Series 11 (2005–06) annual national report on the Supported Accommodation Assistance Program (SAAP) National Data Collection. The first national report, containing 1996–97 data, was published in December 1997. The reports provide information on people who are homeless or at risk of being homeless.

A productive and cooperative partnership has continued between the SAAP National Data Collection Agency (managed by the Australian Institute of Health and Welfare), SAAP agencies and the SAAP Information Subcommittee. Valuable support and encouragement have been provided by the SAAP Coordination and Development Committee, which is responsible for the national direction of SAAP.

This partnership has been built on shared goals and mutual trust. The key has been agencies' willingness to collect and provide data to the National Data Collection Agency, knowing that any personal information provided by clients is protected by the extremely strict confidentiality provisions of the *Australian Institute of Health and Welfare Act 1987*.

The fact that 100% of agencies in Tasmania provided data in 2005–06 is testimony to their collective commitment to, and confidence in, the collection. A 100% participation rate was also recorded in 2004–05. The proportion of SAAP clients who consented to the provision of their personal data to the National Data Collection Agency increased from 80% in 2004–05 to 85% in 2005–06.

This large and complex project has not only a high level of support but also a high level of accuracy. We are confident that we can further improve the quality of the information provided to help policy makers and the community better understand and provide for the needs of people who are homeless or at risk of being so.

Under the Coordination and Development Committee's direction, a SAAP National Research Program has been established to undertake and fund studies on homeless people, often using data from the National Data Collection. Each year, the National Data Collection Agency receives many requests for data used for research purposes.

Acknowledgments

This report was prepared by Felicity Murdoch, Simon Edwards and Lynda Carney of the SAAP National Data Collection Agency at the Australian Institute of Health and Welfare. Anne Giovanetti, Justin Griffin, Diane Gibson and the SAAP Information Subcommittee provided helpful comments on the draft report.

Table programming and production were carried out by Andrew Powierski. Data entry was performed by Tom Watson and Katrina Williams. Without the efforts of Neil Angel, John Cologon, Phil Denman, Melita Kunstelj, Stirling Lewis, Michael Navaratnam, Joan Reid, Toni Stepniak, Dianne Oglesby, Kay Grzadka, Frieda Rowland, Sergei Mitnik, Brett Davis and Qasim Shah who ensured that the data were collected and processed, this report would not have been possible. Cecilia Burke and Peter Nolan provided assistance in preparing the report for publication.

Finally, the authors acknowledge the vital role played by data providers. This report draws together a large amount of statistical material and could not have been produced without the efforts and cooperation of SAAP service providers and clients, who provided service and client information, and of the Australian Government Department of Families, Community Services and Indigenous Affairs (FaCSIA) and the Tasmanian Department of Health and Human Services which provided administrative data.

1 Introduction

This publication is one of eight state and territory supplements that accompany the Series 11 (2005–06) annual national report on the Supported Accommodation Assistance Program (SAAP) National Data Collection. The annual report provides an overview of assistance given to clients of agencies funded through SAAP.

The tables and charts included in this supplement are generally similar to those in the national report but relate to Tasmania only. To assist the reader, a glossary of terms is included at the beginning of this report. Further information to aid readers in interpreting the tables is given in Appendix 1 of the national report. Included in that appendix are:

- an overview of the Client Collection and its data
- general notes to tables
- an explanation of the weighting system used to adjust the data for agency non-participation and client non-consent
- counting rules used in the tables
- a guide to interpreting the tables. In particular, two example tables with explanatory notes demonstrate how to interpret data presented in the different types of tables in the report.

Appendix 1 to this supplementary report provides additional information relevant only to the interpretation of tables for Tasmania. Appendix 2 contains a copy of the client form used to collect data in 2005–06.

Data presented here primarily relate to the financial year ending 30 June 2006. In addition, a number of tables contain data for the 10 years that the National Data Collection has been conducted (see Chapter 9). It must be noted that, in 2005–06, the SAAP Core Data Set was introduced. This involved changes to some of the key definitions used in the National Data Collection, including support periods, clients, accompanying child support periods and accompanying children. In addition new questions were added, some questions were deleted or adjusted (that is, deletion and/or addition of categories), and a new statistical linkage key was introduced. This has effectively meant a break in the Client Collection data series. Please refer to the national report for further detail.

Estimates in this report are subject to revision. Revised tables, along with the reports themselves, are posted on the web site of the Australian Institute of Health and Welfare <www.aihw.gov.au>. Regional tables and counts for all data items collected are available in hard copy or electronic format on request from the National Data Collection Agency, which is managed by the Australian Institute of Health and Welfare (ndca@aihw.gov.au).

3.2 Tables

Table 3.1: SAAP support periods and clients, Tasmania, 2005–06 (number)

Support periods	6,200
With accommodation	2,800
Without accommodation	3,450
Clients	4,450
Mean number of support periods per client	1.41
Clients per 10,000 population 10+ ^(a)	103

(a) 'Per 10,000 population aged 10+' shows how many people out of every 10,000 aged 10 years and over in the general population became SAAP clients. The rate is estimated by comparing the number of SAAP clients aged 10 years and over with the estimated resident population aged 10 years and over at 30 June 2005 (preliminary estimates).

Notes

1. Number excluded due to errors and omissions (weighted): 0.
2. Number of clients in this table relates to clients that ever received assistance from a SAAP agency in Tasmania.
3. Support period figures have been weighted to adjust for agency non-participation.
4. Client figures have been weighted to adjust for agency non-participation and client non-consent.

Table 3.2: SAAP accompanying child support periods and accompanying children, Tasmania, 2005–06 (number)

Accompanying child support periods	2,950
With accommodation ^(a)	1,350
Without accommodation ^(a)	1,600
Accompanying children	2,150
Mean number of accompanying child support periods per accompanying child	1.31
Accompanying children per 10,000 population aged 0–17 ^(b)	183

(a) Dates of support and accommodation are not collected for accompanying children. For the purposes of calculating the number of accompanying child support periods with and without a period of accommodation, accompanying children are assumed to have the same periods of support and accommodation as their parent(s) or guardian(s).

(b) 'Per 10,000 population aged 0–17' shows how many children out of every 10,000 aged 17 years and under in the general population accompanied SAAP clients. The rate is estimated by comparing the number of accompanying children aged 17 years and under with the estimated resident population aged 17 years and under at 30 June 2005 (preliminary estimates).

Notes

1. Number excluded due to errors and omissions (weighted): 0.
2. Number of accompanying children in this table relates to children that ever accompanied a client to a SAAP agency in Tasmania.
3. Accompanying child support period figures have been weighted to adjust for agency non-participation.
4. Accompanying children figures have been weighted to adjust for agency non-participation and client non-consent.

1. Number excluded due to errors and omissions (weighted): 122 (closed support periods with no information on service requirements or provision).
2. In groups of service types, a client may require more than one type of service within the group. Percentages for broad groups relate to all needs and not to support periods. For individual types of services, a need can be recorded only once within a support period, so percentages relate to support periods.
3. To ensure confidentiality some cells in this table have been replaced with '(*)' or '(+)(*)'. A '(*)' indicates cells that make up the higher proportion. While these cases are not presented separately, they are included in the total.

(a) 'Total recurrent funding' and 'Funding to agencies' for 1999–00 and 2000–01 includes relatively small amounts provided through the Partnerships Against Domestic Violence Program (AIHW 2001a:Table 2.1; AIHW 2001b:Table 2.1). Total recurrent funding' and 'Funding to agencies' for 2004–05 includes state-only recurrent allocations which are in addition to the SAAP agreement between this government and the Australian Government (see AIHW 2006:Table 2.1).

(b) 'Funding per support period' and 'Funding per client' are based on recurrent allocations to agencies.

Notes

1. In 2005–06 the definition of a support period, the definition of a client and the statistical linkage key were changed. Data using these are therefore not comparable to previous years.
2. Support period figures have been weighted to adjust for agency non-participation.
3. Client figures have been weighted to adjust for agency non-participation and client non-consent.

Notes

1. In 2005–06 the definition of an accompanying child support period, the definition of an accompanying child and the statistical linkage key were changed. Data using these are therefore not comparable to previous years.
2. Dates of support and accommodation are not collected for accompanying children. For the purposes of calculating the number of days of support and the number of nights of accommodation, accompanying children are assumed to have the same periods of support and accommodation as their parent(s) or guardian(s).
3. Numbers of accompanying children in this table relate to children who ever accompanied a client to a SAAP agency in Tasmania.
4. Accompanying child support period figures have been weighted to adjust for agency non-participation.
5. Accompanying children figures have been weighted to adjust for agency non-participation and client non-consent.

(a) 'Agencies' refers to the number of agencies that were 'in scope'—that is, that should have been participating in the reference period.

(b) 'Valid consent' here refers to forms with a valid statistical linkage key (see 'statistical linkage key' in the Glossary and AIHW 2006:Glossary). Note that in 2005–06 the statistical linkage key was changed and therefore data using this is not comparable to previous years.

Note: Table based on forms returned from agencies in scope for the Client Collection during the reference period. Not all agencies funded under SAAP are required to participate in the Client Collection. For example, agencies that provide only support to other agencies or casual assistance lasting less than 1 hour on a given day and which is not of an ongoing nature are not required to participate in the collection. Consequently, some agencies funded under SAAP (see Chapter 2) are not included in this table.

A1.2 Additional counting rules

In the tables in this report, when counting clients or support periods in particular groups, the following rules have been used in addition to those outlined in Appendix 1, Section 1.4 of the national report.

Region

Administrative regional classifications developed by the Tasmanian Department of Health and Human Services are used in the report. The regions are as follows:

- South
- North
- North-West.

COMPLETED FORMS WILL BE KEPT STRICTLY CONFIDENTIAL

If you have any problems completing this form please telephone the SAAP NDCA hotline on 1800 627 191 or email ndca@aihw.gov.au

RETURNING FORMS TO THE NDCA

- In the first week of each month, send the forms of *clients who have left the agency in the last month* to the NDCA in the prepaid envelope provided.
- **Forms should reach the NDCA by the 15th of each month.**
- Include a completed Form Return Sheet with your forms. If no clients left your agency in the last month record **zero** forms to return on the Form Return Sheet. This ensures that your agency is counted as participating in the National Data Collection. The NDCA is required to notify State/Territory funding departments of agencies that do not return forms (or Form Return Sheets) each month.

30 JUNE 2005 AND 31 DECEMBER 2005

- In the first week of July 2005 and in the first week of January 2006, you should notify the NDCA of clients who are still being supported as at 30 June 2005 and 31 December 2005.
- For clients who are ongoing at 30 June 2005, refer to the *July 2005 Transfer Guide* and transfer the information from the old 2004–2005 form to the new 2005–2006 form. Return the old form to the NDCA along with the forms of *clients who have left your agency in the last month*. Retain the new form in your agency until the client has finished his/her support period.
- For ongoing clients at 31 December – use the December Form Return Sheet and note in the box provided the number of clients being supported on 31 December 2005. It is important to send in a December Form Return Sheet even if you did not have any client forms to remit or you had no ongoing clients.

If you do not need the materials sent to you, please return them in the NDCA Reply Paid envelope.

Glossary

Accommodation period	The period during which a <i>client</i> was in SAAP <i>supported accommodation</i> . A client may have no accommodation periods or one or more accommodation periods within a <i>support period</i> . The dates on which each accommodation period began and ended during the support period are collected for clients but not for accompanying children. However, it can be reasonably assumed that an <i>accompanying child</i> will have the same accommodation period start and end dates as their parent(s) or guardian(s) in the majority of cases.
Accompanying child	A person aged under 18 years who: <ul style="list-style-type: none">• has a parent or guardian who is a SAAP <i>client</i>; and• accompanies that client to a SAAP <i>agency</i> any time during that client's <i>support period</i>; and/or• receives assistance directly as a consequence of a parent or guardian's support period.
Accompanying child support period	Each <i>support period</i> in which the child either accompanies a parent or guardian to a SAAP <i>agency</i> or receives assistance as a result of a parent or guardian's support period. Within an accompanying child support period the child may receive one-off assistance and/or support over a period of time. Since the child may not be supported for the entire duration of a parent's or guardian's support period, it is not possible to assess the exact length of support for an <i>accompanying child</i> .
Agency	An organisation or establishment that receives a specified amount of SAAP funds to provide services.
Alpha code	A predetermined combination of letters from a client's name, together with a letter designating the client's sex. A 'valid alpha code' is an alpha code that is given with informed consent, and contains only letters from the alphabet and ends in either M or F to indicate the client's sex.
Client	A person who is <i>homeless</i> or at imminent risk of homelessness who: <ul style="list-style-type: none">• is accommodated by a SAAP <i>agency</i>; or• enters into an <i>ongoing support relationship</i> with a SAAP agency; or• receives <i>support</i> or assistance from a SAAP agency which entails generally one hour or more of a worker's time, either with that client directly or on behalf of that client, on a given day. <p>This includes people who are aged 18 years or older and people of any age not accompanied by a parent or guardian.</p>

Closed accompanying child support period	<i>An accompanying child support period associated with a closed support period.</i>
Closed support period	A <i>support period</i> that had finished on or before the end of the reporting period – 30 June 2006.
English proficiency group 1 countries	Canada, Ireland, New Zealand, South Africa, the United Kingdom, the United States of America and Zimbabwe.
English proficiency group 2-4 countries	Countries, excluding Australia, that are not included in <i>English proficiency group 1</i> .
Homeless person	<p>A person who does not have access to safe, secure and adequate housing. A person is considered not to have access to safe, secure and adequate housing if the only housing to which they have access:</p> <ul style="list-style-type: none"> • damages, or is likely to damage, their health; or • threatens their safety; or • marginalises them through failing to provide access to: <ul style="list-style-type: none"> - adequate personal amenities, or - the economic and social supports that a home normally affords; or • places them in circumstances which threaten or adversely affect the adequacy, safety, security and affordability of that housing; or • has no security of tenure – that is, they have no legal right to continued occupation of their home. <p>A person is also considered homeless if he or she is living in accommodation provided by a SAAP <i>agency</i> or some other form of emergency accommodation.</p>
Ongoing support relationship	<p>An ongoing support relationship exists between a SAAP <i>agency</i> and a person if some assistance has been provided to that person, and it is expected that future contact will occur between the person and the agency for the purpose of providing additional assistance. Future contact can be assumed if:</p> <ul style="list-style-type: none"> • a definite appointment has been made with the person to work through particular problems/issues; or • an agreement has been reached with the person to work through particular problems/issues even if a specific appointment has not been made; or • the agency expects the client to return for more assistance within a month. <p>However, an invitation to return to the agency in the future if the need arises does not constitute an ongoing support relationship. Rather it should simply be seen as an offer to enter into a new <i>support period</i> or to provide assistance at some future time.</p>

Recurrent allocations	<p>Amounts of money specifically allocated during the reporting period by a state or territory department either:</p> <ul style="list-style-type: none"> • to a SAAP <i>agency</i> to fund salaries and associated on-costs, and ongoing operating costs; or • for use by each state or territory for such purposes as training, research, evaluation, administration, and asset replacement or purchase.
Referral	<p>For the purposes of the National Data Collection, a referral involves a formal process – not simply the provision of information. A (formal) referral occurs when a SAAP <i>agency</i> contacts another organisation and that organisation accepts the person concerned for an appointment or interview. A referral has not been provided if the person is not accepted for an appointment or interview.</p>
Statistical linkage key (SLK)	<p>A statistical linkage key (SLK) is a derived variable that allows demographic data about the same <i>client</i> to be combined across support periods without the name of the client being recorded.</p> <p>For the purposes of the National Data Collection, a valid SLK is comprised of a valid <i>alpha code</i> and <i>valid date of birth</i> that were supplied for a <i>support period</i> where the client gave informed consent.</p>
Support	<p>Assistance, other than <i>supported accommodation</i>, provided to a <i>client</i> as part of an <i>ongoing support relationship</i> between a SAAP <i>agency</i> and the client. For the purposes of the National Data Collection, support also includes contact with, or work on behalf of, a client for generally more than one hour on a given day. Support may be provided to the client individually or in group sessions.</p>
Support period	<p>Commences when a <i>client</i> begins to receive <i>support</i> and/or <i>supported accommodation</i> from a SAAP <i>agency</i>. The support period is considered to finish when:</p> <ul style="list-style-type: none"> • the client ends the relationship with the agency; or • the agency ends the relationship with the client. <p>If it is not clear whether the agency or the client has ended the relationship, the support period is assumed to have ended if no assistance has been provided to the client for a period of one month. In such a case, the date the support period ended is the last contact with the client.</p>
Supported accommodation	<p>Accommodation paid for or provided directly by a SAAP <i>agency</i>. The accommodation may be provided at the agency or may be purchased using SAAP funds – at a motel, for example.</p>
Unmet need	<p>An unmet need occurs when a SAAP <i>agency</i> worker assesses that a <i>client</i> needs a support service during their <i>support period</i>, and that service is not provided or referred.</p>

Valid date of birth

For the purposes of the National Data Collection, a valid date of birth is the client's date of birth provided with informed consent and for which:

- the day, month and year of birth are completed and not estimated; or
- the day and month of birth are completed and not estimated, and the year of birth is completed (either estimated or not estimated).
