at Westmead Hospital

Doctor Identification Number

<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------	----------------------

Please fill in boxes or circle answers

1. Sex Male / Female
2. Age
3. How many years have you spent in general practice?
4. How many GPs work with you at this practice?
(Practice = shared medical records)
5. Postcode of major practice address ..
6. In which GP Division is this practice

7. Year of graduation
8. Place of graduation (*primary medical degree*):

Aust	1
NZ	2
Asia	3
UK / Ireland	4
Other: (specify)	5
9. Do you conduct any of your consultations in a language other than English?

No	1
Yes - <25%.....	2
Yes - 25 to 50%.....	3
Yes - >50%.....	4
10. Are you a GP registrar (i.e. in training)? ... Yes / No
11. Are you DVA registered? Yes / No
12. Do you hold FRACGP ? Yes / No
13. Is your major practice accredited ? Yes / No
14. Is there a practice nurse at your major practice address ? Yes / No
15. Number of general practice sessions you usually work per week?
(1 session = ~4 hrs eg a morning session)
16. Direct patient care hours worked per week?
(Include hours of direct patient care, instructions, counselling etc and other services such as referrals, prescriptions, phone calls etc.)

General Practice Statistics and
Classification Unit
Family Medicine Research Centre

a collaborating unit of the

Australian Institute of Health and Welfare

17. Over the past four weeks have you provided any patient care(*Circle all that apply*)

- | | |
|--|---|
| As a locum | 1 |
| In a deputising service | 2 |
| In a residential aged care facility | 3 |
| As a salaried/sessional hospital medical officer.... | 4 |
| None of the above | 5 |

18. What are the normal after-hours arrangements for your practice? (*Circle all that apply*)

- | | |
|--|---|
| Practice does its own..... | 1 |
| Co-operative with other practices | 2 |
| Deputising service..... | 3 |
| Referral to other service (eg A&E) | 4 |
| Other | 5 |
| None | 6 |

19. Do you bulk bill ALL patients? Yes / No

If No, which groups are bulk billed?

- | | | |
|---|--------------------------|--------------------------|
| <i>(Tick those that apply)</i> | All | Some |
| Pensioner/Healthcare Card holders | <input type="checkbox"/> | <input type="checkbox"/> |
| Children <16 years..... | <input type="checkbox"/> | <input type="checkbox"/> |
| Selected other patients | <input type="checkbox"/> | |

20. To what extent are computers used -

(i) at your major practice? (ii) by you (at work)?

- | | | | |
|------------------------|---|-----------------------|---|
| Not at all..... | 1 | Not at all | 1 |
| Billing | 2 | Test ordering | 2 |
| Prescribing | 3 | Prescribing | 3 |
| Medical Records | 4 | Medical Records | 4 |
| Other Admin | 5 | Internet | 5 |
| Internet / Email | 6 | Email | 6 |

(iii) Prescribing / Health record software used is —

21. Is your major practice site a teaching practice?
(Circle all that apply)

- | | |
|-------------------------|---|
| for undergraduates..... | 1 |
| for GP registrars..... | 2 |
| No..... | 3 |

22. Did any of your BEACH consultations take place in an Aboriginal Community Controlled Health Service (ACCHS)?

- | | |
|---------------------------------|---|
| No..... | 1 |
| Yes - all | 2 |
| Yes - some (which dates?) | 3 |

Appendix 6: Chronic code groups from ICPC-2 and ICPC-2 PLUS

Available from

<www.aihw.gov.au/publications/index.cfm/subject/19>

List of tables

Table 1.1: SAND abstracts for 2005–06 and sample size for each.....	9
Table 2.1: Recruitment and participation rates.....	13
Table 2.2: Comparison of BEACH participants and all active recognised GPs in Australia ...	14
Table 2.3: Age–sex distribution of patients at BEACH and MBS A1 services	16
Table 2.4: The BEACH data set.....	17
Table 2.5: Characteristics of participating GPs.....	18
Table 2.6: Computer use at major practice address	20
Table 2.7: Top ten combinations of computer use for GPs	21
Table 2.8: Summary of morbidity and management.....	22
Table 2.9: Overview of MBS items recorded.....	23
Table 2.10: Type of encounter	24
Table 2.11: Medicare item number distribution across item number groups	25
Table 2.12: Characteristics of the patients at encounters	26
Table 2.13: Number of patient reasons for encounter	27
Table 2.14: Distribution of patient reasons for encounter, by ICPC-2 chapter and most frequent individual reasons for encounter within chapter	28
Table 2.15: Distribution of RFEs by ICPC-2 component	30
Table 2.16: Most frequent patient reasons for encounter	30
Table 2.17: Number of problems managed at an encounter.....	32
Table 2.18: Distribution of problems managed, by ICPC-2 chapter and most frequent individual problems within chapter	33
Table 2.19: Distribution of problems managed, by ICPC-2 component	35
Table 2.20: Most frequently managed problems	36
Table 2.21: Most frequently managed new problems	38
Table 2.22: Most frequently managed chronic problems.....	39
Table 2.23: Summary of management	40
Table 2.24: Encounters and problems for which management was recorded	41
Table 2.25: Most common management combinations	42
Table 2.26: Distribution of prescribed medications, by ATC Levels 1, 3 and 5	45
Table 2.27: Most frequently prescribed medications (CAPS generic level).....	48
Table 2.28: Medications most frequently supplied by GPs	49
Table 2.29: Most frequently advised over-the-counter medications	50
Table 2.30: Summary of other treatments	51
Table 2.31: Relationship of other treatments with pharmacological treatments	52

Table 2.32: Most frequent clinical treatments	52
Table 2.33: The ten most common problems managed with a clinical treatment	54
Table 2.34: Most frequent procedural treatments	55
Table 2.35: The ten most common problems managed with a procedural treatment	56
Table 2.36: Summary of referrals and admissions	57
Table 2.37: The most frequent referrals by type	57
Table 2.38: The ten problems most frequently referred to a medical specialist.....	58
Table 2.39: The ten problems most frequently referred to allied health services.....	59
Table 2.40: The ten problems most frequently referred to hospital.....	59
Table 2.41: Number of encounters and problems for which pathology or imaging ordered..	60
Table 2.42: Distribution of pathology orders across MBS pathology groups and most frequent individual test orders within group	61
Table 2.43: The ten problems for which pathology was most frequently ordered	62
Table 2.44: The most frequent imaging tests ordered, by MBS group	63
Table 2.45: The ten problems for which an imaging test was most frequently ordered	64
Table 2.46: Most frequent other investigations	65
Table 2.47: Distribution of practice nurse item numbers recorded at encounter.	66
Table 2.48: Summary of other treatments given by practice nurse	67
Table 2.49: Most frequent treatments provided by practice nurses	68
Table 2.50: The most common problems managed with the involvement of practice nurse ..	69
Table 2.51: Patient body mass index (aged 18 years and over).....	71
Table 2.52: Patient smoking status (aged 18 years and over)	73
Table 2.53: Patient alcohol consumption (aged 18 years and over).....	75
Table 2.54: Risk factor profile of patients (aged 18 years and over)	77
Table 2.55: Number of risk factors, by patient sex	77
Table 3.1: Significant changes in the characteristics of participating GPs 1999–00 to 2005–06	80
Table 3.2: Significant changes in encounter types 1999–00 to 2005–06	82
Table 3.3: Significant changes in the characteristics of the patients 1999–00 to 2005–06.....	82
Table 3.4: Significant changes in patient reasons for encounter 1999–00 to 2005–06	84
Table 3.5: Significant changes in the problems managed at encounter 1999–00 to 2005–06....	86
Table 3.6: Significant changes in the rates of prescribed medications, clinical treatments and procedures 1999–00 to 2005–06	92
Table 3.7: Significant changes in rates of other treatments 1999–00 to 2005–06	96
Table 3.8: Significant changes in referrals 1999–00 to 2005–06.....	96
Table 3.9: Significant changes in per cent of encounters where at least one test was ordered 1999–00 to 2005–06	99
Table 3.10: Significant changes in test ordering 1999–00 to 2005–06	99

Table A4.1: GP characteristics, summary of annual results BEACH 2001–02 to 2005–06.....	155
Table A4.2: Summary of morbidity and management, summary of annual results BEACH 2001–02 to 2005–06	158
Table A4.3: Type of encounter, summary of annual results BEACH 2001–02 to 2005–06	159
Table A4.4: Characteristics of the patients at encounters, summary of annual results BEACH 2001–02 to 2005–06	160
Table A4.5: Rate of patient reasons for encounter by ICPC-2 chapter, summary of annual results BEACH 2001–02 to 2005–06	161
Table A4.6: Rate of RFEs by ICPC-2 component, summary of annual results BEACH 2001–02 to 2005–06	162
Table A4.7: Distribution of problems managed, summary of annual results BEACH 2001–02 to 2005–06	163
Table A4.8: Most frequently managed problems, summary of annual results BEACH 2001–02 to 2005–06	164
Table A4.9: Distribution of medications prescribed by CAPS group and subgroup, summary of annual results BEACH 2001–02 to 2005–06	165
Table A4.10: Most frequently prescribed generic medications, summary of annual results BEACH 2001–02 to 2005–06	168
Table A4.11: Distribution of prescribed medications by ATC Level 2, summary of annual results BEACH 2001–02 to 2005–06	170
Table A4.12: Medications most frequently supplied by GPs, summary of annual results BEACH 2001–02 to 2005–06	172
Table A4.13: Most frequently advised over-the-counter medications, summary of annual results BEACH 2001–02 to 2005–06	173
Table A4.14: The most frequent clinical treatments, summary of annual results BEACH 2001–02 to 2005–06	174
Table A4.15: The most frequent procedural treatments, summary of annual results BEACH 2001–02 to 2005–06	175
Table A4.16: The most frequent referrals, summary of annual results BEACH 2001–02 to 2005–06	176
Table A4.17: Number of encounters where pathology/ imaging ordered, summary of annual results BEACH 2001–02 to 2005–06	177
Table A4.18: Distribution of pathology orders across pathology groups, summary of annual results BEACH 2001–02 to 2005–06	177
Table A4.19: Most frequent imaging test orders, summary of annual results BEACH 2001–02 to 2005–06	178
Table A4.20: Comparative results for patient risk factors, 2001–02 to 2005–06	179

List of figures

Figure 2.1: Age-sex distribution of patients at encounter	26
Figure 2.2: Age-sex-specific rates of problems managed per 100 encounters with 95% confidence intervals	32
Figure 2.3: Number of medications prescribed per problem	43
Figure 2.4: Number of repeats ordered per prescription.....	44
Figure 2.5: Age-sex-specific prescription rates per 100 problems managed	44
Figure 2.6: Age-sex-specific rates of overweight and obesity in adults	71
Figure 2.7: Age-sex-specific rates of underweight in adults.....	72
Figure 2.8: Age-specific rates of obesity, overweight and normal/underweight in male children.....	72
Figure 2.9: Age-specific rates of obesity, overweight and normal/overweight in female children.....	73
Figure 2.10: Smoking status – male age-specific rates.....	74
Figure 2.11: Smoking status – female age-specific rates.....	74
Figure 2.12: Age-sex-specific rates of at-risk alcohol consumption	76
Figure 3.1: Significant decreases in rates of management per 100 encounters	88
Figure 3.2: Significant increases in rates of management per 100 encounters	89
